**LEADERS IN SKYLIGHT TECHNOLOGY**

---

Period Skylight Finishes are the alternative you have been looking for.

Manufactured from hand selected Western Red Cedar for it's great looks and ability to withstand changes in temperatures, these ceiling domes are hand crafted in a variety of styles to satisfy the most discerning and fastidious person.

Architecturally designed to blend with all eras, the Period Range offers designers and builders the scope to create an individual concept for their immediate purpose while adding value to the property.

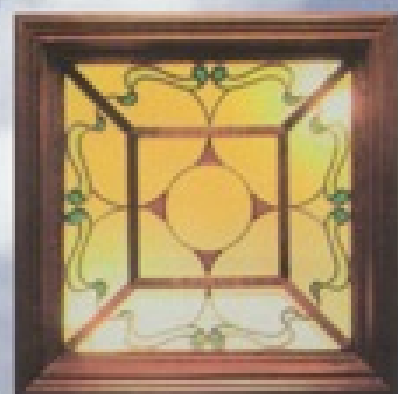

Glazed in a variety of decorated glass (obscured or with leadlight) and coupled to high performance skylights, the Period Range will fulfil your needs and enhance your life style.
